

The National Muzzle Loading Rifle Association Big Game Records Program

## PRESS RELEASE

### ***The NATIONAL MUZZLE LOADING RIFLE ASSOCIATION'S Longhunter Society Muzzleloading Big Game Record Book, Fifth Edition.***

This hard-cover, large-format volume of 256 pages contains information on all the current big game trophy animals taken with muzzleloading firearms. The book is printed on high-quality glossy paper in a very handsome and durable binding. It is filled with over a hundred photos of successful hunters and top-scoring animals in numerous categories, stories of the hunts, scoring standards and charts, fair chase rules, and information on geographic boundaries for the various species.

The big game categories featured in this volume include grizzly, polar, and black bear, Alaska brown bear, cougar, American elk, Roosevelt's elk, mule deer, Columbia and Sitka Blacktail Deer, Whitetail and Coues' deer, Canada, Alaska-Yukon, and Shiras moose, the four subspecies of caribou, pronghorn antelope, Rocky Mountain goat, muskox, four subspecies of bighorn sheep, and bison. This year a new category for Tule Elk has been added. Where appropriate, sections are devoted to typical and non-typical trophy animals. This extensive coverage makes the *Longhunter Society Muzzleloading Big Game Record Book* the definitive source of information for muzzleloading hunters who are serious about pursuing trophy-class animals in North America.

This new fifth edition contains 883 new entries, including nine new world records. One of the most impressive new world records is the 307 5/8 non-typical whitetail deer taken by a fifteen-year old hunter on a youth hunt.

This book contains plenty of informative and entertaining reading, plus inspiring photographs of prime trophy animals. It's far more than a picture book for the coffee table, though, because of its wealth of information on locations, habitat, the muzzleloaders and loads used, and the methods for hunting and scoring trophy animals.

These books are available for immediate shipping. The price is \$40.00 per book plus \$7.50 shipping and handling; checks should be made payable to the National Muzzle Loading Rifle Association and sent to: *Longhunter Society Muzzleloading Big Game Record Book*, NMLRA, PO Box 67, Friendship, IN 47021. Credit card orders are accepted by phone.

The National Muzzle Loading Rifle Association is North America's premier muzzleloading hunting and shooting organization. Annual membership, which includes the monthly magazine *Muzzle Blasts*, is \$40. For further information, visit the Association's website at [www.nmlra.org](http://www.nmlra.org) or phone (812) 667-5131.
